

KILAUEA NEIGHBORHOOD ASSOCIATION

September 1, 2015

President:

Yoshito L'Hote

Aloha Mr White,

Vice President:

Alvin Castelo

Thank you again for coming back to our meeting to further explain your proposal and answer the concerns of the board. You have addressed the concerns of other option available (even though some of us disagree and still think a better tent or the Neighborhood Center are still viable options).

Secretary:

Thomas Pickett

Treasurer:

Gary Pacheco

You also have produced a very extensive list of people in favor of the development although it was very hard for us to determine which of those folks are members of the church and which are close by neighbors that would be negatively affected.

Sergeant-at-arms

Scott Mijares

The majority of the board is very surprised at the sheer size of the proposed building as it far exceeds a 20' by 40' tent, which I believe you are currently using for you outdoor space.

PTSA Rep.

Tricia Padilla

Directors:

Mike Latif
Beryl Blaich
Bill Troutman
Tim Kalai
Ken Carlson
Charlie Martin
Carrie Souza
Ron Paul
Joi Bonaparte

But it is the parking issue that really makes us not able to support your project at this time. The Hunt group is slated to start in November and their development will majorly impact the Kong Long parking situation, as the vacant lot will no longer be available.

In conclusion, we ask you to wait for the end of 2016, or when the shopping center is constructed, when we will have a better understanding of what the parking situation looks like, before you come back with a revised proposal.

Mahalo

Yoshito L'Hote
President
